FOR IMMEDIATE RELEASE

PAVEMENT REPLACEMENT ON FOOTHILL BOULEVARD (STATE ROUTE 30 AND STATE ROUTE 66)

LA VERNE, POMONA AND SAN DIMAS— The California Department of Transportation (Caltrans) announces pavement replacement on Foothill Boulevard between Baseline Road in La Verne and Equation Road in Pomona, beginning March 1 through mid-May 2005. The work schedule will be Monday through Saturday, 6 a.m. to 4 p.m. each day.

Pavement replacement on all lanes along Foothill Boulevard consists of overlaying asphalt, re-stripping the lanes and re-building the curbs over a 2.5-mile area.

The work may result in brief intersection closures. Caltrans will ensure customer access to businesses in the construction area. At least one lane will remain open for traffic in each direction at all times.

The contractor for this \$1.5 million project is R J Noble Company of Orange. This project is expected to complete by mid-May 2005. Due to inclement weather the project may be postponed.

Motorists are advised to expect traffic delays. Detour signs will be posted as needed.
